- (1) Event summary : <http://vote.gnome.org/2013/candidates.html>
- (2) Name and e-mail : Tobias Mueller <[tobiasmue@gnome.org](mailto:tobiasmue@gnome.org)>
- (3) Biography : He is University student, GNOME foundation member.  
and His biography from <https://live.gnome.org/TobiasMueller>

Tobias Mueller is a lead member of the GNOME Bugsquad for the last years and thus responsible for managing the bug database as well as the team around it. He is involved in deciding on effective policies for the bug database, actually dealing with the bugs in the database and recruiting new members who will help triaging. He also got elected to the Board of Directors in 2012 where he serves the GNOME Foundation to achieve their goals of creating and distributing great Free Software products. Besides being a Free Software and GNOME lover, Tobias is involved in the German security research community around the Chaos Computer Club. Topics of interest include Platform- and System-Security, Cryptography and Security Protocols.

And if could find more picture about this event in below link.
